Dear Valued Customer,

It is officially 2015. We hope you had a happy holiday season and happy New Year. We would like to thank those that were able to attend the 7<sup>th</sup> Annual Bull Fest & Female Sale/Customer Appreciation Day last October, as well as those that viewed us online. This last year has been an enjoyable time to be in the cattle industry with record cattle prices. We had a great turn out and feel we had a tremendous offering. Please keep us in mind later this year for the 8<sup>th</sup> Annual Bull Fest.

Currently we are offering a stout group of Registered and Purebred Angus bulls sired by great AI genetics such as Connealy Unlimited 138X, EXAR Newlook, MCATL Vanguard 103, SAV 8180 Traveler 004, Sitz Upward 307R, Connealy EZ Comfort 218X, Connealy Game Play, 4G Brush Hawg 545, Gerloff Worthman 0018, and Gerloff Manpower Z000. Our purebred Simmental bull, RCR Grandmaster 84Y calves are also stout, deep ribbed and structurally sound and have proven to calve with ease. If you are looking for Simmental Angus bulls they will fit your needs.

In today's industry you can't rest too long. You are constantly working to find the right opportunities. And it's our job to work for you. That's why we are excited to announce we will be hosting our **2<sup>nd</sup> Annual Gerloff Enhanced Female Sale April 24, 2015**. Last year's consigners and buyers were pleased with this event. This event will be an opportunity for our customers to market replacement females that stem from Gerloff Farms genetics. You have been good to us through the years and this is our chance to help you in return. We are confident this event can enhance the value and demand for your cattle. More thorough information can be found on the enclosed flyer.

If you are interested in consigning, your bred heifers should be bred to calve this fall. The bred and open heifers will be preg checked, wormed and vaccinated by a veterinarian the day prior to the sale at the sale barn at your expense. The females may be pelvic measured as well.

Please contact us if you are interested in consigning to the Enhanced Female Sale or if you would like to come by and look at our bull offerings here at the farm. Please remember, as you search for hard working, real world business partners we hope you will consider Gerloff Farm genetics.

Sincerely,

Charlie & Rena Gerloff
